

## Project Initialization and Planning Phase

Date	1st July 2024
Team ID	LTVIP2026TMIDS91062
Project Name	Dog Breed Identification Using Transfer Learning
Maximum Marks	3 Marks

### Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

<b>I am</b>	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
<b>I'm trying to</b>	List their outcome or "job" they want - what are they trying to achieve?	List the thing they are trying to achieve here
<b>but</b>	Describe what problems or barriers stand in the way - what do they need?	Describe the problems or barriers that get in the way here
<b>because</b>	Enter the "root cause" of why the problems or barriers exist - what needs to be solved?	Describe the reason the problems or barriers exist
<b>which makes me feel</b>	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

### Example:

Customer Problem Statement Template				
I am	I'm trying to	But	Because	Which makes me feel
A Dog Shelter Manager for conservation and maintain dogs	Differentiate the dogs for placing them in a different cells and raising them	Too many dogs with similar type of fur and faces to which is hard to recognise breed	Due to too many dogs are present for conserving and feeding which requires different options for different breeds.	Confused

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Dog Shelter Manager for conservation and maintain dogs	Differentiate the dogs for placing them in different cells	Too many dogs with similar type of fur and faces to which is hard to recognise breed.	Due to too many dogs are present for conserving and feeding which requires different options for	Confused

		and raising them		different breeds.
